GHI Approves Zoning Applications; Debates Criteria For Townhouses

by Sid Kastner

With two directors absent because of illness, the board of Greenbelt Homes, Inc., chaired by Ed Burgoon, heard the reports of two committees at its regular meeting Thursday night. Leo Gerton and George Pibbs of the Zoning Committee gave evaluations of 15 present rezoning petitions in the Greenbelt area, recommending against a few which depart widely from the city's master plan. Most of the others, which conformed to both the city's and the MNCPPC's recommendations, were considered acceptable. Director Gerald Gough presented a special committee's suggestions for criteria by which the proposed new GHI homes should be allocated to members.

Two petitions for rezoning of parcels near the apartments at the Center were rejected, on the grounds that they would create too high a density in the heart of Greenbelt. Another, for high-rise rezoning in Springhill Lake, had been withdrawn without prejudice before the committee had considered it. Two other petitions for rezoning about 4½ acres in Springhill Lake were considered acceptable by the committee.

The remaining ten petitions, all immediately outside Greenbelt and located for the most part on Greenbelt Road, were considered as a group by the committee and found to be reasonably acceptable; in this respect the committee's views coincided with the MNCPPC's recommendations.

Criteria for Applicants

Gough's special committee submitted several criteria for choosing applicants for the proposed new GHI freestanding homes and townhouses. Most of these, such as financial soundness, family size, and contributions to the community, were received well by board members. Objections were raised, however, by director John O'Reilly, to the suggestion of a lottery to determine the final successful applicants, although Gough has explained that its aim was to ensure a completely impartial choice. O'Reilly also objected to length of residence as a criterion, and Gough replied that the purpose was to provide a minimum time in which to evaluate a member. Sam Cornelius expressed the view from the floor that a few of these criteria, such as "contributions to the community," were essentially value judgments—i.e. were not objective—and should be replaced by more factual yardsticks.

The board passed a motion by O'Reilly directing management to send letters to the membership outlining the possible criteria that might be used, specifying membership in GHI, financial soundness, family size, and contributions to the community and GHI.

Refinancing Plans

A letter from Twin Pines Savings and Loan was read by O'Reilly, reporting for the Finance Committee; it detailed some favorable (for GHI members) changes in their proposal for refinancing GHI homes. The terms would be 15 years for brick homes instead of 10 years, and 10 years for frame homes instead of 5 years. The interest rate would also be lower,

5% compared to 5½%. O'Reilly remarked that he felt more liberal refinancing was indeed needed, though one didn't want to go too far as that would encourage inflation. He thought prices being obtained at present by members were somewhat low. Director Burgoon felt, however, that this made for stability — members weren't "pricing themselves out of the market."

Nursery School

Mrs. Bernice Kastner, appearing for the Long-Range Planning committee of the Greenbelt Nursery School, described the school's steadily increasing enrollment (70 applications have already been received for next year) and the consequent need for more space. It is hoped that negotiations may be worked out for expansion in the present location. The committee is also looking at other alternatives; one of these is a unit of the medical building at Ridge Road and Gardenway. Board members tentatively discussed among themselves the questions of zoning and the playground space that would be required, but no definite agreement was reached.

CFPG Seeks Meeting With Commissioners

The Committee For A Planned Greenbelt (CFPG) is seeking an audience with the County Commissioners for an exchange of views, a look at their side of the problem, and a chance to see if the committee and the commissioners have the same basic facts and are working from the same assumptions.

Negotiations for such a meeting are still going on.

Commissioner Gladys Spellman did meet Sunday with Mayor Edgar L. Smith, Francis White, Al Herling, Al Douglas, Al Skolnik, and Lloyd Moore for a general discussion of the problems posed by Master Plan 13 North. The meeting did not deal with specific problems.

Commissioner M. Bayne Brooke indicated his willingness to meet with the committee if a satisfactory time could be arranged.

Only Commissioner Robert F. Sutphin has taken a firm stand in opposition to the meeting. He cited the state's new "conflict of interest" law which, he said, would not permit him to discuss zoning problems now.

Commissioner Spellman, however, said she "met with them and I would again. It was a general discussion and no specific zoning cases were discussed. The meeting I had with this group was perfectly in order."

Sutphin told Washington newspapers that he had been threatened with political reprisals by Francis White, who contacted him on behalf of CFPG. White denied the charge, and said he told Sutphin, "I don't know your political plans, but right now we are your constituents."

Last Monday evening was appointments night at the city offices. A special city council meeting, convened to fill vacancies on the Advisory Planning Board, Personnel Advisory Board, and the Recreation Advisory Board, also gave Mayor Edgar Smith an opportunity to announce the members of the newly-established Community Relations Advisory Board.

Gerald Gough, 19-L Ridge, was named chairman of the 7-member board. Other members of the Community Relations Advisory Board named were:

Peter A. Whittaker, 6-D Crescent
Margaret M. Baldwin, 69-B Ridge
Abraham Chasanow, 56 Lakeside

In making known his choices, Mayor Smith stated that he sought a cross section of town, broadly representative of different geographical areas, church groups, and other interests. To obtain this representative group, Smith said, he consulted with his fellow councilmen and with leading citizens of the community.

The mayor was complimented on his choices by the individual councilmen.

The primary function of the Board is to carry on research and studies and to act in an advisory capacity to council. Its aim is to foster sympathetic understanding, harmonious relationships, tolerance, and good will so that the city may grow and develop wholesome attitudes in respecting individual opportunities and freedoms.

The council approved the election of Donald J. Volk, 17-G Ridge, and Lawrence Goldberger, 9136 Edmonston Rd., to the 7-man Advisory Planning Board. They replace Harold Baskin and John W. Gibson who have resigned from the APE. Volk's term will run to Oct. 1967 and Goldberger's to Oct. 1965.

Personnel Advisory Board

Harold A. Siegel, 16 Maplewood Court, was named to fill one of three vacancies on the Personnel Advisory Board. Siegel, whose term will run to July 1967, will

be considered in that order. Enrollment is limited to 25 children in each class. Both North End and Center Schools have morning and afternoon sessions.

The tuition cost per child is \$75 per year, payable in five installments of \$15 each. The first installment of \$15 is payable at the time of registration on April 23. The remaining four installments are payable on October 1, November 1, February 1, and March 1. The initial payment of \$15 which must be made at the time of registration on April 23 will be refunded if any parent wishes to withdraw the child during the summer.

Pool Renovation Work on Schedule

The renovation of the Greenbelt swimming pool is proceeding on schedule, according to Ron Dick, assistant to the city manager. The main pool is practically finished, with the exception of the tile border around the rim, which is being installed this week. Plumbers are at work completing the exterior plumbing, which regulates the pool's outflow system.

The new diving tank has been excavated, and workmen are constructing forms for the footings and side walls, in preparation for the pouring of concrete.

Bathroom Improvements

Also undergoing renovation are the bathrooms, the brick portions of which have already been sandblasted. The brick was painted white for a number of years. It will not be repainted; instead, a coat of transparent sealer will be applied.

Moisture inside the bathrooms has caused the rotting of a good deal of wood. Consequently, beams are being replaced and new shower stalls constructed. The exterior siding (wooden) will be replaced completely by new white-painted aluminum siding. The roof is reported in good condition, but flashing at the joints is being patched.

GREENBELT PLAYERS TRYOUTS FOR "HARVEY"

The Greenbelt Players will hold an organizational meeting Tuesday, April 20 at 7:30 p.m. in the Greenbelt Municipal Building. Tryouts and readings for "Harvey" will be held at that time.

Any persons interested in dramatics, in any manner — acting, lighting, publicity, staging — are cordially invited to attend.

Honor Your Firemen

To the Editor:

By decree, President Johnson has declared Tuesday, April 20, as "Honor Your Firemen" Day.

In the city of Greenbelt there are approximately 50 active members of the Greenbelt Volunteer Fire Department and Rescue Squad. These men are dedicated to the cause of humane protection for the lives and properties of the citizens of this city.

Who are they? They are men who leave the comfort of their homes whenever the siren blows.

What dangers or needs necessitate the siren's sound of alarm, they merge on the firehouse ready to go. Brush fire, house fire, car fire, they go prepared. Each one has gone through a training course in fire fighting.

What are they? In a volunteer company, where a man's professional background has no necessary value when it comes to fire-fighting, there still can be found quite a few professional firemen. But in Greenbelt you will also find a school teacher, police officers, accountants, members of the Armed Forces, railroad men, students, postal employees, technicians and many others.

Why? I couldn't begin to answer that question. Ask a fireman.

Or join them and find out for yourself.

Wife of one of them.
